# KIRO Course Registration

*Integrating Competency-Based Education in University Teaching in Africa*

Create a KIRO account, confirm your email address and enrol in the course. If you already have a KIRO account, log in and go to step 5.

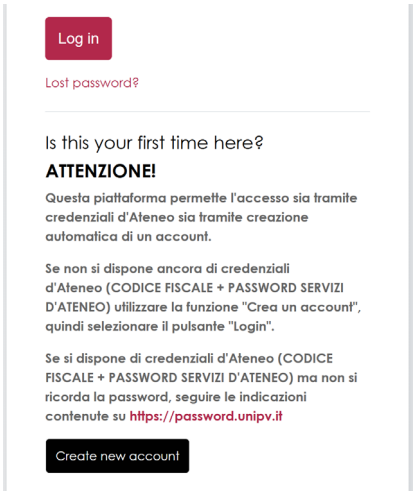

## 1. Open KIRO and choose English

Open the KIRO platform. In the top-right corner, open the language menu and select **English (en)**.

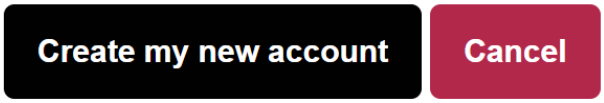

## 2. Start creating your account

Select **Login** in the top-right corner. On the login page, select **Create new account**.

## 3. Accept the privacy notice and complete the form

Read the privacy notice and select **I agree**. Enter a username, a password, your email address and your first and last names. Re-enter your email address in the confirmation field, then select **Create my new account**.

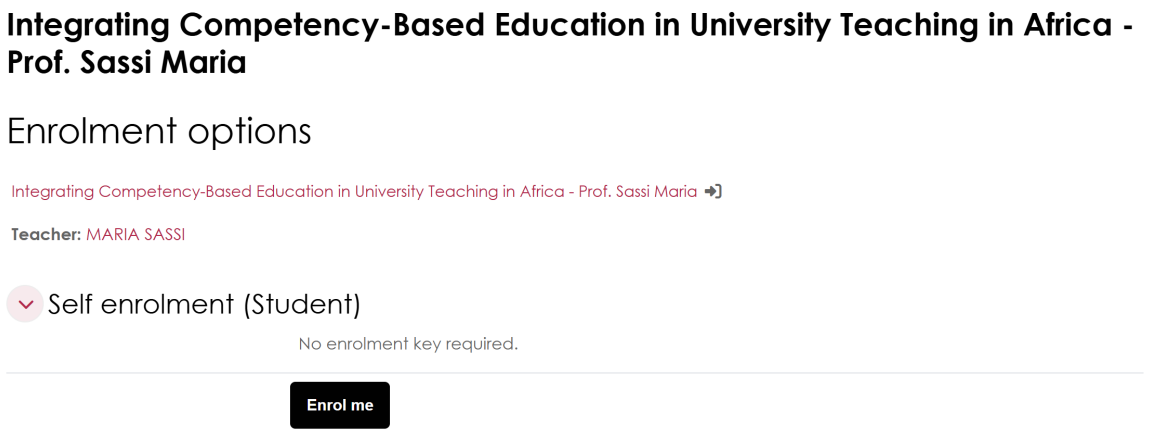

## 4. Confirm your email address

Open the account confirmation email from KIRO and select the link in the message. If you do not see the email, check your spam or junk folder. Once your account is confirmed, return to KIRO and log in.

## 5. Enrol in the course

Open the course page on KIRO. Under **Self enrolment (Student)**, select **Enrol me**. No enrolment key is required.

Once you are enrolled, you can start the course.
